

Hello, everyone! My name is Ashley, and I would like to welcome you to join me at the American Space Conversation Club every Tuesday and Thursday from 16:00 to 17:00. These sessions will be a fun and engaging way to practice English and connect with fellow community members. I will host activities and discussions about American culture, identity, sports, politics, history, food, geography, travel destinations, and any other topics you may be interested in. Suggestions are always welcomed! Please know the Conversation Club is for all levels of English speakers.

I am from Indiana, USA and graduated in May from Indiana University with degrees in International Relations and Political Science. I have also studied Russian, Estonian, and Spanish, so I know firsthand how exciting and challenging learning a new language can be. This is why I will work to make sure the Conversation Club is the most positive and welcoming learning environment possible. In my free time, I enjoy reading, writing, hiking, cooking, watching movies, and spending time with friends. I hope to continue with these hobbies (and perhaps add more) during the next nine months I'll be living in Narva!

This is my first time in Estonia, so I am very much looking forward to exploring the city and getting to know all of you. I am especially interested in learning more about Narva's culture, traditions, and history. I hope to see you soon!
